# SERVICES

The Millcreek Mining Group is affiliated with Millcreek Engineering, an integrated engineering company serving the energy and resources industries. We provide support at every stage of project development ranging from geologic and mining consulting services, through to detailed engineering, procurement and construction management (EPCM).

Through our selection of core professionals we bring to your project a team of trusted and respected industry experts. An understanding of our client's needs, coupled with effective management and a streamlined corporate structure, allow us to provide an excellent and highly competitive service to the mining and natural resources sectors.

With our principals and professionals having provided mining consulting services to the Indian mining industry for almost 20 years, Millcreek Mining Group forms a uniquely well-qualified team. We have a sound understanding of world-class, best-practices in mining coupled with extensive experience in the Indian coal industry, both in the private and public sectors. Millcreek has established long-term partnerships with several engineering design firms based in India, who provide in-country support and representation. Our people have lived and worked in India for numerous clients providing a broad range of services. In particular, Millcreek has extensive experience in surface and underground mining of coal and other bedded deposits, coal washing and preparation, and bulk materials handling.

## **We are able to provide the following services**

- Exploration support and management
- Geologic modelling and resource estimation
- Strategic selection of coal blocks and acquisitions
- Coal block bid preparation and support
- Detailed Project Reports and economic feasibility studies
- Owner's Engineer and on-site support services
- Due diligence and audits
- Detailed mine-planning, cost estimation and economic analysis
- Training (software, best-practices, etc.)

For additional details on our Indian experience, please request a copy of the resumes of our key personnel.
